

JFK cross-over into PA request:

Kerry Thornley had been a friend of Oswald's in the Marines. Oswald broke off with him when he red-baited Oswald, from Thornley's own Commission testimony. As soon as Oswald's name was connected with the assassination Thornley was interviewed by the FBI and Secret Service, after which Thornley offered to be of more "service" to the FBI. The week after the assassination Thornley moved to suburban Washington. From letters he then wrote, which I obtained during an investigation he and ^{his friend,} a strange one named David Lifton forced on me, he claimed that the FBI "pissed down their legs" when they learned he was that close to Washington. Maybe it was the Commission, not the FBI. Again, I'm not checking.

This was the poet in Thornley, who fancied himself a writer.

Thornley had a friend named Osborne. As I've informed you, both ^{of} the people at the printer's selected pictures of Thornley as most resembling the person who picked up the printing - which was done under the name of Osborne, not Oswald.

The NO reports to FBIHQ, not included in the N.O. files provided, are clear enough on saying that neither Jones nor Silver identified Oswald as the man who got the printed leaflet Oswald later distributed. These understated reports were rewritten into ^(The opposite, not) a LHM that said that Oswald, using the name Osborne, got the printing. The Warren Report uses virtually the identical false representation of this rewrite into a LHM rather than the negative identifications of the underlying records. I brought this to light in 1967.

My first interview with Jones was before the time I taped an interview. When he and Silver both independently selected a number of radically different pictures of Thornley from a mixture of about 100 ^{pictures} I showed each independently ^{Thornley} (he even had a heavy beard in one) I wanted to see if ^{Thornley} he could be made up to look like Oswald. I wrote a memo to an artist I ^{Los Angeles} knew in asking him to see if ^{these} he could add the equivalent of makeup to a ^{Thornley} picture to make it look more like Oswald. Lifton saw ^{these} at the home of this artist and blackmailed him into providing Lifton with copies, which were then distorted and misused by Lifton and Thornley, who had been indicted for perjury by Garrison.

Thornley was then pumping gas in Tampa.

75 The Tampa FO ^{responded} to my PA request, on 1/9/78, claimed in the evasive way that is

6

customary not to have any records. But on 4/10/79 my attention was drawn to 62-109060-
 6618, ^{page 1 of} which is attached, without the distorted news accounts that are with it. It is a
 12/5/68 Tampa memo to FBIHQ, Tampa 62-455, and it does refer to me. Copies were sent to
 Dallas and New Orleans from neither of which I recall getting copies or any related
 records. In addition, there is other reason to believe that Tampa has other records
 on and relating to me, related to these stories from the local papers and Thornley and
 not relating to them, as I'm sure I told the FBI long ago without response, even acknow-
 ledgement.

I did a number of broadcasts by phone to a radio station in that area. As I recall
 Thornley also did and on one we had a confrontation. In fact the last one of these
 broadcasts I recall making was on the phone provided by a former close Garrison friend
 who was then an informant, ^h Persing Gervais, ^{He was} later equipped with a false identity and
 a new life he chucked in Canada to return to Louisiana. That phone is one of those
 that were tapped in the Government effort to get Garrison on a tax charge of which he
 was acquitted. Unless there was only selective tapping of that Gervais phone I was picked
 up on it. That was in New Orleans.

The Tampa stories are defamatory. I did seek to exercise my PA rights and was fore-
 closed. This was long before the FBI's releases. The attached record, whether or not
^{Dallas or New Orleans,} indexed in Tampa, is marked for indexing at FBIHQ. A check at FISI HQ would have
 disclosed the existence of these records in three field offices which withheld them.
